[www.winewarsawexpo.com](http://www.winewarsawexpo.com)

Wine Warsaw Expo is one of the most exquisite events on the Ptak Warsaw Expo's agenda. It was created based on market analysis and monitoring, recognizing the need for a platform that invigorates trade exchange, provides space for discussions and networking, and offers industry education. Each of these aspects is incredibly crucial, given the current state of the sector. On one hand, Poles are becoming increasingly knowledgeable about wine, appreciating the subtlety of flavors and aromas. On the other hand, they are not indifferent to the changing market conditions. Engaging in collective consideration of the challenges facing this sector will undoubtedly contribute to maintaining Poland's position as one of the most promising regions in the world concerning the wine industry.

## Beer Warsaw Expo

**200 EUR**

1st Edition **12-14.03.2024**

[www.beerwarsawexpo.com](http://www.beerwarsawexpo.com)

The Polish brewing industry is one of the strongest components of the industry. Despite the pandemic and its real impact on businesses using the sector's products, in 2020 it generated an added value of almost PLN 20 billion. It maintains or increases employment, focuses on exports, and the number of breweries in the country is constantly growing. Further investments and talks about the future of the industry will only strengthen it. That is why it is worth taking part in Beer Warsaw Expo, which will take place at Park Warsaw Expo on March 12-14, 2024.
